CIRM

CALIFORNIA'S STEM CELL AGENCY

Updates to CIRM 2.0 Concept Plans

Agenda Item #16
Gil Sambrano

Director of Portfolio Development and Review

Program Announcements

1

Make available to the GWG objective information from previous CIRM awards for consideration in the evaluation of a new and related application.

2

Include accuracy and completeness of application in eligibility criteria.

3

For applications in the Clinical Stage Program require the intended or current IND sponsor to be either:

- 1) The applicant organization (if an organization-sponsored IND) or**
- 2) The PI (if an investigator-sponsored IND)**

4

Allow individuals under contract to act on behalf of the applicant organization to qualify as a Principal Investigator (PI).

Requested Action:

Approval of modifications to concept plans for CIRM 2.0 programs.
